

CIVIL ENGINEERING INTERN

Welcome to Eriksson Engineering Associates!

We are civil engineers, traffic and transportation engineers, and landscape architects serving the Midwest design and construction industry. We work out of three main offices in Grayslake, Illinois; Chicago, Illinois; and Milwaukee, Wisconsin. We assist clients in determining potential site challenges and benefits to ensure project success from the start.

Civil engineering interns will collaborate with team members while assisting with project-related tasks for residential, healthcare, K-12 and municipal projects. Interns will learn to prepare site layouts, utility alignments, drainage and grading plans, soil erosion and sediment control plans, and project specific detail and specifications.

WE'RE LOOKING FOR AN INTERN TO JOIN US IN CHICAGO, GRAYSLAKE, OR MILWAUKEE.

A SNAPSHOT OF YOUR DAY:

- Begin developing skills in software such as AutoCAD, Civil3D
- Assist with the preparation of contract drawings
- Prepare basic calculations
- Visit project sites to observe what really goes on during construction
- Organize and file project materials and references
- Assist with ad hoc projects as assigned by managers
- All other duties as assigned

YOU WILL BE SUCCESSFUL IN THIS ROLE IF:

- You're a small picture thinker. Digging into details, carrying out calculations, problem-solving through analysis, and foreseeing problems are your strengths
- You want to learn more about how civil engineering greatly impacts the success of building projects
- You are seeking regular professional development training to grow your "real world" experience
- You have a car or access to public transportation

YOU WILL THRIVE HERE IF:

- You are successful in a team setting
- You are motivated and have professional goals
- You like raising your hand to ask a lot of questions

DOES THIS SOUND LIKE YOU?
LET US KNOW IF YOU'RE READY FOR A CHALLENGE.
